7. Board Member Comments

Ms. Ramirez shared on the upcoming Evidentiary Hearing for the Puente Power Plant taking place on July 26, 2017 at the Oxnard Performing Arts Center.

8. Energize California – LA Cleantech Incubator

Ms. Kelly Schmandt Ferguson, Director from the Los Angeles Cleantech Incubator, made a presentation on Energize California. Energize California is Southern California's hub for clean energy innovation. Their goal is to support California's clean energy goals by connecting and convening the energy community and helping startups access the business and technical resources they need to bring new technology to market.

Questions and further discussion took place regarding various sectors within the Ventura County region that could take advantage of such a program.

Upon motion of Ms. Ramirez, seconded by Ms. Weir, and duly carried, the Board received and filed the Energize California presentation.

9. The Capacity Project- OpTerra Energy

Tony Lumino, Senior Program Development Manager from OpTerra Energy, gave a presentation on The Capacity Project. The project was launched to help boost local economies through community engagement. The project primarily focuses on environmental sustainability, economic development, and workforce development.

Upon motion of Ms. Ramirez, seconded by Mr. Hensley, and duly carried, the Board received and filed the Energize California presentation.

10. Partnership Program Update

Ms. Tellez, VCREA staff, gave a brief overview of the Partnership Program Update.

Upon motion of Mr. Hernandez, seconded by Mr. McCoy, and duly carried, the Board received and filed the Partnership Program Update.

11. General Updates and Announcements

Ms. Parks requested a brief update on Community Choice Energy. Ms. Hughes, VCREA Executive Director, stated that the process is challenging when considering that the tri-county area covers an extremely large population as well as that the area consists of two IOU territories, PG&E and SCE. The Advisory Working Group as well as the peer review continues to work through validating the assumptions made within the feasibility study.
